

# ST. FRANCIS COLLEGE

Koramangala, Bangalore, India  
Affiliated to Bengaluru City University, Approved By AICTE

## REPORT [SCRIPT SURGE]

**Event:** Intra-department

**Date:** 4th April, 2024

**Time:** 2:30 pm

**Venue:** 3rd floor lab

**Participants:** 22 (11 teams)

**Event Co-Ordinator:** Ms Bhargavi

**Objective:** The aim of the event is to let students show off their coding skills, encourage friendly competition, and promote teamwork. We wanted participants to feel confident in demonstrating their technical abilities and problem-solving talents in a challenging and exciting atmosphere.

**Outcome:** The event was exceptionally positive. Students demonstrated strong enthusiasm and resilience, tackling every challenge with unwavering determination. Their consistent participation and refusal to back down from difficult problems showcased their dedication and passion for coding. The event saw an impressive turnout, indicating widespread interest and engagement among participants. Beyond competition, the event served as a platform for skill-building, allowing students to refine their technical abilities and problem-solving skills. The event's success in creating a lively and supportive atmosphere for aspiring programmers to flourish was evident from the overwhelmingly positive feedback received from attendees.

**Summary:** The programming event was a great success, generating excitement and skill advancement. Strong attendance and positive feedback created an encouraging environment, fostering heightened interest in programming and facilitating rapid skill development.
